1 hour (0.1 CEU) This is a knowledge-based CPE activity and appropriate for all pharmacists. To obtain credit, participant must attend entire program, and participate in the activity. Credit will be sent through the CPE Monitor within 30 days following the program.

ACPE Program number: 0002-0000-18-002-L06-P

Agenda:

12:15 P.M.	Sign-in and receive materials
12:30 P.M.	Immunization Update CPE Program
1:30 P.M.	Dismissal

## Learning Objectives for Pharmacists:

- Discuss changes to ACIP vaccine recommendations through October 2017 for pediatric and adult patients.
- Identify at-risk populations in need of vaccination of four major vaccine-preventable diseases: influenza, pneumococcal disease, pertussis, and herpes zoster (shingles).
- Describe the four key principles for improving adult immunizations as articulated by the CDC and National Vaccine Advisory Committee.
- Outline sources and reasons for contamination of compounded sterile products.
- Define what constitutes Shoulder Injury Resulting from Vaccine Administration (SIRVA) and steps to prevent this adverse event.

**Cost:** Included in registration fee

Please refer to conference website for refund policy

This ACPE-accredited CPE activity is conducted without commercial support or influence of any kind.

Samford University McWhorter School of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.
